Lynnwood Polled Shorthorn
Auction

AT THE FARM, 3 MILES EAST OF CARMEL, INDIANA
ON ROUTE 234

Friday, June 20, 1947

12:30 CENTRAL STANDARD TIME

Foreword

IN THIS OUR fifth annual sale of Polled Shorthorns we are offering the best lot of Polled Shorthorns ever to leave the farm. Each year we have a larger number of cattle carrying the breeding of the top individuals at Lynnwood. We have a right to expect livestock to be a reflection of the animals that have gone before them. It is doubly important for the purebred breeder to know that an increasing number of the animals in a pedigree were of the approved type if he is to expect that animal to reproduce true to type.

It has been our purpose at Lynnwood to strive to get just as many cattle of the right type close up in the pedigree as possible.

We hope that all who are interested in purebred livestock, and particularly Polled Shorthorns, will be our guests on June 20th, and that your purchases will be a source of both profit and pleasure to you.

Manager

Fascinator is dead but everything we said about him a year ago will bear repeating and more too. We will just quote that, and say that his most outstanding achievement as a sire in the past year is the Grand Champion heifer and the First Prize get of sire at the 1946 Illinois State Fair.

"Won his class at the 1940 International, was the top bull in the International Sale. His record as a sire is outstanding. A few of the winnings of his get are: Reserve champion and top selling bull at the 1944 National Polled Shorthorn Congress; champion heifer at the 1946 National Polled Shorthorn Congress. At the 1944 Indiana State 4-H Club Show a steer by him won first in a class of 37 steers, horned and polled, a get of sire made of three steers won second at the same 4-H Show, all breeds competing. At the 1945 Indiana State 4-H Club Show a heifer by him was the champion Shorthorn heifer, both horned and polled. His sons and daughters are passing on to their offspring the desirable qualities necessary to outstanding beef cattle."

This herd sire is considered just about as nearly perfect an aged beef bull as any bull can be by good judges who see him at Lynnwood Farm. He was the first prize senior bull calf at the 1940 International and in the first prize pair of calves at that show. His sire Collynie Spotlight is sired by the twice International grand champion bull Lord Collynie that probably did more to influence the trend to modern type Polled Shorthorns than any other bull. Scottish Daybreak 9th, the granddam of Collynie Spotlight, was the 1931 International grand champion female and one of the greatest producing cows of the breed. Two of her daughters are in the Lynnwood herd. The dam of Lynnwood Spotlight is sired by an International grand champion horned bull by the great Browndale Count. The champion Gold Medal Polled Shorthorn bull in Indiana in 1946 was by Lynnwood Spotlight and one of the best bulls in our 1947 show herd is by him.

When Lynnwood Nugget was offered in our sale in 1944 we said of him: "No bull in the offering is better fitted by inheritance to sire cattle that are thick and low-set." His calves prove that statement and more too. His first bull calf was grand champion bull at Illinois, Iowa and Nebraska State Fairs last year at less than a year of age; and a very large percentage of his calves are that kind.

He is a 100 per cent dehorner and his calves grow rapidly. One of his first calves stood second in the junior heifer calf class at the last International and was the third high selling female in the International sale. Although Lynnwood Hero has been sold to head the herd of Randall Peterson Jr. of Groton, South Dakota we are showing him as a reference sire because of his daughters in this sale and the large number of his calves in the herd.

Top bull at the 1946 International sale at \$4000.00. Champion bull at the 1946 Indiana State Fair. Reserve Champion at Ohio and Illinois State Fairs. First prize Senior yearling at the International.

Glen Knolls Monarch x comes to Lynnwood Farm because we believe that he will fit ideally into our program of planned matings. He is a great individual backed by ancestors noted as producers of top breeding cattle in the Lynnwood herd, and other well established herds of Polled Shorthorns. He is sired by Collynie Monarch x who is by Collynie Masterstroke 3d x, certainly one of the greatest breeding sons of Collynie Type 3d x, the bull that sired the first prize get of sire at the 1939 International and the outstanding sire in the Lynnwood herd until 1943. The dam of Collynie Monarch x is also the dam of Fascinator x, the former chief herd sire, thereby again bringing in the improving blood of King Collynie Jr. x.

Glen Knolls Monarch has for a dam an outstanding cow of H. C. Rose breeding sired by Cumberland Emblem x, an International and State Fair first prize winning bull that sired a very large percentage of all the Polled Shorthorns exported to Australia and New Zealand in the thirties. He in turn was a grandson of Cumberland Sultan x, 1925 International Junior champion bull, a calf of strictly modern type judged by today's standards. We think Glen Knolls Monarch will do! The bred heifers carry his service.

LYNNWOOD MAGNATE

Lynnwood Magnate was in our show string last year and was a member of the winning pair of calves at Illinois and Indiana State Fairs and did not stand lower than third at any show, including the International. He was the first prize Gold Medal bull at the Indiana State Fair. His dam is one of our very lowest, thickest and smoothest cows; one that does a good job of raising two calves and part of the time three. Her last calf is the senior heifer calf in our 1947 show herd.

LYNNWOOD LOYAL 3d

This calf is a double grandson of the Loyal Browndale daughter that was one of the greatest cows ever in the Lynnwood herd. Loyal Browndale was an International Grand Champion bull. The dam of Lynnwood Loyal 3d would have been in our show herd and would have done a lot of winning except that she happened to come with horns. She is certainly one of the best daughters of Collynie Type 3d. This calf should sire them thick and low-set.
